

MEDIEN AKTIV SERVICE

Media technology for events, congresses and fairs

LED Video wall 2,6mm indoor

The new LED Videowall captivates with the high definition pixelsize of fabulous 2,6 mm and the vivid, bright colours and sharp pictures. Product and image files in a never seen before quality, consistent colour coverage without separators across the picture. Even Excelcharts are superbly readable and clear.

The future oriented presentation tool for the high quality fair and event usage.
